The Herald is late this week on account of paper failing to arrive, and is also only six pages for the same reason. The recent floods in the north have delayed a shipment to the firm from whom we buy. Next week we will have to get out only four pages and will not need any letters other than those on hand, so please do not send in any this time.

Big Show Coming to Town  
One of America's oldest, richest tented shows, a modernized great combination of the very greatest trained wild animals, the most superb horses and ponies, the greatest European and American artists, the latest "thrillers" that mankind can devise and in fact the newest novelties of the present day, all in one union, will be found with Sun Brother's World's Progressive Shows, now on their 22nd annual tour and will give two complete exhibitions at Cookeville April 23.

This stupendous aggregation is under the personal direction of the Sun Brothers, and the assurance is made that the program for the present season is newer and richer than ever.
